## PRESIDENT'S MESSAGE

The presentation on fly fishing in Alaska by Dave Carbone was enjoyed by all who attended our last meeting. This presentation gave us new ideas on fishing in Alaska. Even though the cost and sometimes inclement weather can be a problem, we all need you to put it on our bucket list of fishing destinations.

The Sykes Creek adventure 2010 was another outreach for our club. I would like to personally thank Jon Mallory for heading up our booth and those who assisted him. Your time and willingness to share fly fishing with others was greatly appreciated.

Chad Helpling has our club business cards which will be made available to all members. This would give our members the ability to share with others about fly fishing and FFFA.

Our February fishing outing at the Little Econ was enjoyed by all. The weather was wet and cold, but the fish were plentiful. Those of us that chickened out because of low temperatures and precipitation missed out on the great catch.

Go Out and Fish for the Hal-i-but!

Ron

## BUSINESS

**BOARD MEETING:** The next board meeting will be April 5 at Jim Glass' home.

**DUES:** Check your roster for the date your dues are due. They are \$20 per person plus \$5 for family members, if there are any. Send to the P. O. Box at the top of page 1. Make checks payable to: FFFA.

All dues or membership payment should be given directly to Treasurer Chad Helping or his designated alternate or mailed to the P. O. Box on page 1. DO NOT give cash to another member to turn in.

Anyone who still owes dues from 2009 should catch up immediately or let Chad Helping know of extenuating circumstances so we can work with you.

**MEMBERSHIP CARDS:** If you don't have an FFFA Membership Card, you can get one from Treasurer Chad Helping. Your membership card may need to be presented to our supporters to get discounts for their products or services.

## BUDGET

The 2010 Budget as proposed in the February newsletter was approved unanimously by the membership at the February meeting.

## ROSTER UPDATE

The updated 2010 FFFA Membership Roster based upon the changes that have been brought to our attention is attached. Future additions/corrections will be pen-and-ink corrections announced in the newsletter. If you need to get in touch with a new member or can't reach an old number, call Betty Brown for the up-to-date roster information. Be sure to call Betty with any changes in your information so she can keep the roster up-to-date.

## MEMBER NEWS

### GET WELL WISHES

**Denny DeMuth** is in New York having surgery on his shoulder. It turned out he had more than just a spur. His daughter went with him. He is reported doing well, but will be out of commission for about six weeks.

**Donna Gaber** is recovering at home after receiving a pacemaker at Holmes Cardiac Center in Melbourne. Although still in pain, she is doing well.

### NEW MEMBER

**David Castlen** joined the club by mail after finding the club on the internet and contacting Betty Brown. David lives in Boynton Beach and can not make a lot of meetings, but feels the club can still offer him a lot. We hope not to let him down. Betty is going to work with him and some others in south Florida to start up a club in that area. If you would like to contact David, go to [dcastlen50@hotmail.com](mailto:dcastlen50@hotmail.com) or see the roster or contact Betty for David's phone number. *Welcome aboard, David. Now that you're on the mailing list, we'll be sure to let you know when we have trips in your neighborhood so you can meet a lot of the guys and gals from Central Florida. If you need any info from us, be sure to call.*

## FISHING REPORTS

This section of the "Rag" is for your reports. Let us know where you're fishing, what you're fishing with and how you're doing. It's as important to know where the fish aren't as it is to know where they are—so give **Randy Cleveland** the info if it's important for an upcoming trip or give **Betty Brown** your info if you'd like to pass on general information or do a little braggin' in the "Rag."

**Betty Brown** reports that Lake Poinsett is finally clearing a bit from all the dead armored catfish and tilapia that met their demise because of the cold weather. The hundreds of buzzards couldn't have completed their job if it were not for the wind and rain and rising water levels. Bass, crappie and bream fishing should improve considerably without the exotics to harm their eggs and fry.

**Randy Cleveland** and **Steve Lo** report fishing is improving in the Little Econ area. If the weather cooperates fishing should be good for the Feb trip.

**Capt. Jim Ross** reports lots of black drum are tailing in the Mosquito Lagoon area once again.

# GMAPP

## Top Freshwater Species for March

|                      |                                   |
|----------------------|-----------------------------------|
| American Shad        | 261 Total; 195 in St. Johns River |
| Bluegill             | 218 Total; 77 in Kissimmee River  |

| Gafftopsail Catfish | 5 Total; 3 in Indian River       |

## Feb 20 – Eco-Fest

Reportedly the “fest” this year was much better than last with a lot of people showing up at our table for information (or out of curiosity). Thanks to **Randy Cleveland, Jack Little, Al Luther, Jon Mallory and Ron Nemetz** for helping demonstrate fly tying and casting. The weather was nice and everyone enjoyed the day.

Al (right) is busy tying while Jack is busy watching

Jack reeling in new members?

## MEMORIES

### Feb 9

**Randy Cleveland** gave a very nice presentation of a shrimp fly and we thank him for the demonstration.

Mac MacIver & Randy

Gary Nelson

Ned Scheerhorn

Guest Fly

Al getting attention from next generation of fly fishermen

Sidewalk Supers

## Feb 23 General Meeting

**Dave Carbone** gave a wonderful Power Point presentation about fly fishing in Alaska. The story was compelling; the bear stories were attention-grabbing and mostly believable; and the photography was perfect. It's enough to make you want to pack

a bag and your fishing gear and head northwest. After all these years, it looks like Frank Perkins may have competition. Nice job, Dave.

### Prizes were won by:

|                 |   |
|-----------------|---|
| Randy Cleveland | Guy Harvey cap  |
| Judy Costa      | Grab (surprise) bag   |
| John Perez      | Penn 209 Level Wind Reel with 20 lb. test line (donated by <b>Bob Edwards</b> ) |
| John Perez      | Assorted Fly Tying Materials  |
| Bob Trainer     | VCR tapes   |
| Jerry Wheeler   | BassPro Shop Fly Tying Kit (donated by <b>Jim Glass</b> )                       |

## Feb 27 Fishing Trip

Reported by **Randy Cleveland** and **Ned Scheerhorn**: It was spitting rain when we all left home for the St Johns River. Not a promising start. It was overcast, wet and cold. We all went up the Econ and all of us found fish. The tally included shad, largemouth bass, red-breasted sunfish, crappie, and gar. The rain and wind increased and we all headed back to the ramp for Randy's highly touted hot dogs. While the dogs cooked, the crew huddled around the grill trying to warm our fingers. The brave souls who showed up for the fun were **Randy Cleveland, Steve Roman, Steve Lo, Joe Ingino, and Ned & Bernie Scheerhorn**. [Bernie is Ned's dad.] The fish were cooperative, the food was great, and the companionship was excellent. What more could you want?—a warm sunny day?

## COMING EVENTS

### WORKSHOPS

Workshops will be the second Tuesday of the month from 6-7:45 p.m. in Room 2 at the Central Brevard Library in Cocoa

### Mar 9

**Randy Cleveland** will be introducing a frog pattern this month. It's a fly anyone can do and you'll have fun doing it. Again, materials packages will be available on a first-come/first-serve basis for \$1 per package.

Experienced tiers with extra vises are asked to bring them along, so those without can try their hand at tying.

### Apr 13

Two easy flies, the Bend Back and the Clouser, are on schedule for this workshop. Both will be demonstrated by **Randy Cleveland**, who will have material packages available for \$1 each on a first-come/first-serve basis.

**Randy asks that anyone interested in doing a workshop (fly tying, knots, rod/line components, etc.) to contact him as soon as possible.**

### GENERAL MEETINGS

**General Meetings** will be the fourth Tuesday of the month at Kay's Bar-B-Q, SR 520, Cocoa; Dinner at 6 pm; Meeting from 7-9 pm.

### Mar 23

**Capt. Mike Badarack**, of Space Coast Fly Fishing Charters, will be guest speaker tonight. He'll be able to share experiences inshore and offshore from the Mosquito Lagoon to Sebastian. He is especially interested to bring tips on catch tarpon, snook and many other fish that traverse the Indian and Banana Rivers and Sebastian Inlet. It should be a very interesting night. To learn more go to [www.spacecoastflyfishing.com](http://www.spacecoastflyfishing.com).

### Prizes will be:

- Eagle "Cuda" Portable w/depth sounder donated by **Jim Glass**
- Fly Fishing Tote Bag
- 9-wt Bonefish Taper Fly Line
- Assorted Fly Tying Materials
- Surprise Grab Bag (most items donated by **Harry Goode's Outdoor Shop**)
- VCR Tapes

## FISHING TRIPS

### Mar 27 – US Hwy 50

We're going to try once more this season to try to catch shad; but, if they are gone by the time we get there, we can still fish for bass, bream and crappie and we'll have a super time. Randy will have details on time and pairings at the March 23 meeting.

## HUNT FOR REDS IN APRIL

**Phil Rizzo**, Tournament Director for the Hunt for Reds in April and Hunt for Reds in October, announces the April 17-18 event will be at Titusville Chrysler Jeep Dodge on U.S. 1. There will be lots of great prizes. Phil has invited the FFFA to introduce fly tying and fly casting to those who come to the event.

Be sure to bring your kids and grandkids on Saturday when there will be special activities for them. The tournament is Sunday and those that are participating in that may be interested in what we have to offer as well.

If you're interested in demonstrating fly tying or casting at the Hunt for Reds in April event, contact **Randy Cleveland**.

## CONSERVATION

Another cleanup/fishing trip to the Merritt Island Wildlife Refuge is planned for May 1. This date is near a shuttle launch which may cause a slip in our schedule, but we're going to plan as best we can. You have plenty of time to volunteer and to get your picture taken next to the new sign in our honor. Contact **Ned Scheerhorn** if you want to participate.

## FOR SALE CLUB SHIRTS, CAPS, and DECALS

The club has a supply of beautiful FFFA embroidered baseball-style caps with the club's emblem. The fishing caps will be sold for \$15 each at the general meetings. In addition, we can order polo style shirts with the club logo and a pocket for \$20 prepaid for S, M, L, & XL. Larger sizes are available for a little more. (Women's and children's sizes are also available.) All shirts are available in a variety of colors. Order them at one meeting and get them at the next. We have 1-1/4 inch pins with the club logo on them (same as page 1 of the Rag) that are suitable for hats, jackets or shirts for \$5; Fisherman Angel pins are available for \$1 and we still have 2 sizes of decals available which are great for your auto, fishing box, etc. \$1 for \$2 each. Each of the items available is a great way to show club involvement. Why not wear a cap or shirt when you visit seminars, demonstrations or our Supporters? **See Donna Gaber**.

## ARTICLES OR "WANTED" OR "FOR SALE" ADS

If you have an article, a "For Sale" or "Wanted" ad, or anything else you'd like included in the next newsletter, please give the information to **Betty Brown** no later than the Sunday following the general meeting:

Email: [lizbrown@cfl.rr.com](mailto:lizbrown@cfl.rr.com)

## FWC NEWS

For immediate release: February 25, 2010  
Contact: Lee Schlesinger, 850-487-0554

### Snook harvest is still prohibited

The Florida Fish and Wildlife Conservation Commission (FWC) reminds anglers that the harvest season for snook in Gulf of Mexico, Everglades National Park and Monroe County waters, which usually begins on March 1, will not be open this year. The FWC issued an [executive order](#) on Jan. 15 that temporarily extends closed harvest seasons for snook statewide until Sept. 1 to protect snook populations affected by recent prolonged cold weather in Florida.

The order, which took effect on Jan. 16, provides that no person may harvest or possess snook in all state and federal waters off Florida until September. Anglers may still catch and release snook during the closure, and the FWC encourages everyone to handle and release these fish carefully to help ensure their survival upon release.

More information regarding the FWC's executive order for snook is [available online](#) at MyFWC.com/Rules, click on "Fishing – Saltwater."

For immediate release: February 25, 2010  
Contact: Lee Schlesinger, 850-487-0554

### North Florida spotted seatrout season reopens March 1

The recreational harvest season for spotted seatrout in North Florida reopens on March 1. This means all Florida waters will be open to the sport harvest of spotted seatrout beginning that day.

Spotted seatrout harvest is prohibited in February in Atlantic Ocean waters north of the Flagler-Volusia county line to the Florida-Georgia border and in Gulf of Mexico waters north of a line running due west from the westernmost point of Fred Howard Park Causeway, which is about 1.17 miles south of the Pinellas-Pasco county line, to the Florida-Alabama border. This one-month closure helps maintain spotted seatrout abundance.

The maximum daily bag limit for spotted seatrout in the reopened waters north of the established boundaries is 5 fish per person. In waters south of these boundaries, the daily limit is 4 fish per person.

The statewide slot limit for spotted seatrout is 15-20 inches total length but anglers may keep one spotted seatrout larger than 20 inches as part of the daily bag limit.

Spotted seatrout may not be harvested by any multiple hooks with live or dead natural bait, and snagging or snatch-hooking spotted seatrout is illegal. Anglers may take spotted seatrout with hook-and-line gear and cast nets and must land the fish in a whole condition.

For immediate release: February 26, 2010  
Contact: Lee Schlesinger, 850-487-0554

### FWC suspension of certain fishing regulations expires March 1

The Florida Fish and Wildlife Conservation Commission (FWC) advises the public that its temporary suspension of certain saltwater fishing and licensing regulations to allow for the cleanup of dead fish will expire on March 1.

The order - initially for Jan. 16-31, then extended for one month - was issued in response to numerous reports of saltwater fish killed by an extended cold-weather period in Florida.

The FWC is no longer receiving widespread reports of dead saltwater fish around the state, and people must observe all normal fishing and licensing regulations that apply to the harvest and possession of saltwater fish. These rules [are available online](#) at MyFWC.com/Fishing or MyFWC.com/Rules.

More [information regarding the 2010 cold-weather saltwater fish kills](#) is available online [MyFWC.com/Fishing](#).

Fish Busters  
By Bob Wattendorf

### **Anglers: Get your free goodies for buying a 5-year freshwater fishing license now!**

The Florida Fish and Wildlife Conservation Commission (FWC), a major partner in the Get Outdoors Florida! coalition ([www.GetOutdoorsFlorida.org](http://www.GetOutdoorsFlorida.org)) encourages families to enjoy all the pleasures of recreational fishing in Florida...

One way the FWC and their industry partners encourage fishing and provide extra incentives and savings to anglers is via a special 5-year freshwater fishing license bonus program. Beginning March 1, the first 3,000 anglers to upgrade to a 5-year freshwater fishing license will receive a special incentive in the form of free tackle, publications and fishing accessories that add to the convenience and cost savings already associated with a 5-year license.

Matched with the priceless memories created from your fishing experiences, the FWC makes this a deal difficult to resist. A 5-year license costs just \$79, plus a convenience fee, but in return you know the fees won't increase while you have your license, and you don't need to worry about renewing for five years. For most anglers, that amounts to barely a dollar per fishing trip, or about one quarter per hour, for healthy, relaxing recreation that allows you to connect with your family and friends in a fun, stress-free environment — and maybe even take home a free meal or two.

The bonus package literally has you covered "hook, line and sinker." The first 3,000 customers to upgrade to a 5-year freshwater fishing license after March 1 receive a free bonus package by mail with samples, magazines and coupons from fishing-related companies...

For information about local fishing opportunities, visit [MyFWC.com/Fishing](http://MyFWC.com/Fishing), where you can also verify that you will be one of the first 3,000 and see all of the bonus package contents.

## **ITEMS OF INTEREST**

**"Catch a Memory! Radio Show with Captain Jim Ross and Friends"** hit the airwaves on February 20, 2010. The show airs Saturday mornings from 8-9 am on WMEL 1300 AM.

Jim will take calls during the show. So if you have questions or would like to give a fishing report, he'd be happy to hear from you.

### **"Luc's Guide to Wade Fly Fishing the Upper St John's River for American Shad"**

Some members that were not at the last meeting may enjoy Luc's book on shad fly fishing. The book, "Luc's Guide to Wade Fly Fishing the Upper St John's River for American Shad", is available for his printing cost of \$10 plus \$4 shipping. Any member may request a copy by sending name and address to me [billjudycraig@yahoo.com](mailto:billjudycraig@yahoo.com). Luc will mail the book to the address given with a return addressed 8-1/2" x 11" envelope. Simply insert a check for \$14 and mail to him with Canadian postage.

A portion of the introduction reads..."This is a guide to wade fly fishing the Upper St. Johns River in Florida for American shad. This is essentially winter fishing.

If you are not a bass fisher you may not be familiar with the St. Johns River. You will discover a hidden treasure. And, yes, the St. Johns River can be waded relatively safely at certain times and in certain locations. This guide book also covers some spots that are not practically accessible by wading only, but can be accessed with a kayak, canoe or light boat.

American shad may also be new to you. You will learn to enjoy this great fishery on light fly fishing gear. This book focuses on shad. However, largemouth bass and black crappie are also fair targets when fly fishing the St. Johns River and will provide great action on the same light fishing gear. "

Bill Craig
